

PRESS RELEASE

South Buffalo Realty Company Adds New Service

SOUTH BUFFALO, NY December 5, 2016: In late November, South Buffalo Realty Company ("SBRC") was issued a New York State Corporate Broker License for real estate. This license will allow the founders, Al Pinterpe and Mark Bookhagen, to act as seller's and buyer's agents in New York State.

While the new license is valid throughout New York State, the partners plan on concentrating their business in their native South Buffalo. Pinterpe said, "It is what we know best. We know the market here inside and out. We have great working relationships with all the other major players in the area. Our residential investments in South Buffalo have created a great opportunity for the company to serve the neighborhood." The company says it plans to focus on its passion – selling houses, but is open to representing buyers as well.

Prior to this license issuance, SBRC primarily concentrated on buying, renovating, and selling its portfolio of residential properties. For example, Pinterpe qualified for the license the "hard way" – personal experience. He has been on one end or the other for nineteen residential real estate transactions. He has mastered the real estate buying & selling business with skin in the game – not for the faint of heart. Bookhagen has followed a path similar to Pinterpe buying and selling exclusively in the South Buffalo area with over a dozen transactions.

Al Pinterpe can be reached at 716-863-5408 and Mark Bookhagen can be reached at 716-867-4508. SBRC is currently accepting listings for the MLS.

About South Buffalo Realty Company

In the true spirit of South Buffalo, SBRC puts the community first. We are dedicated to providing safe, quality, affordable housing. The founders (born and raised in South Buffalo) have high hopes for the future of one of the city's best kept secrets. Buying, renovating, leasing, and selling properties throughout the community is what we know and love.
